Knitting the hat

The hat measures 47 cm (18.5 in.) in circumference and 27 cm (10.75 in.) in height.

Using circular needle n. 6.5 and Bio Merino yarn col. 5882 red doubled, cast on 63 stitches and cast off in round. Work in **Garter stitch Striped in Round** for 28 rounds, making two rounds in col. 5882 red and two rounds in col. 2458 green, as written in explanation of this stitch.

Now, working together one string of col. 5882 red and one string of col. 2458 green, make one round in stockinette stitch, increasing 15 stitches (distributed evenly on all the circumference).

Continue in **Cable in Round**, in total we will work 6 braids distributed on the circumference of the hat. The Bio Merino is always worked doubled, using one string of col. 5882 red and one string of col. 2458 green.

Once 3 weavings are done (24 round in Cable in Round), continue working in purl stitches in purl, in knit stitches in knit.

Simultaneously, decrease 6 stitches every 2 rounds twice in reversed stockinette stitch. Then decrease 6 stitches every 2 rounds 3 times in stockinette stitch. At the total height of 27 cm (10.75 in.) bind off.

At the top of the hat, sew by passing the thread between the remaining stitches, tighten and cast off on the reverse side of the work.
